## **Role of Donsdale Residents' Association vs Role of City of Edmonton**

Hussein Keshwari provided an overview of the maintenance obligations of the DRA. Many of the requests we receive are forwarded on to the City which is typically quite responsive. Questions were answered related to the Donsdale landscaping guidelines, approved roofing materials, and solar panels.

A suggestion was fielded to form a sub committee from board members and the general membership to:

1. Create criteria to decide amongst potentially suitable roofing materials.
2. Actively research products to approve,
3. Bring recommendations back for formal approval at the 2020 Annual General Meeting, or a Special Meeting, and
4. Review the criteria and approved products list in the future.

The suggestion was read to the group with 20 attendees in agreement, and 10 votes opposed.
